EDUCATIONAL FUN! SENSATIONAL SUN!
2016 HAWAIʻI NURSING CONFERENCES
featuring
BARB BANCROFT, RN, MSN, PNP

The best speaker you’ll EVER hear! Barb makes complex topics easily understandable, appealing and hilarious! “I wish Barb had been MY nursing instructor!”

Honolulu - Nov. 2•3•4

• Legal Issues in Nursing Practice & Education
• NCLEX® Success Strategies for Students
• Pharmacology: Simplify Not Mystify
• “The Old Ticker” - Update on the Aging Heart

Wailea Beach, Maui - Nov. 7•8

• Interpretation of Lab Tests
• Neuro for the Not-So-Neuro-Minded
Target Audience
These conferences are designed for nurses in all practice settings, including Practitioners, Clinicians, Nurse Educators, Public Health, School Nurses and other Health Care Providers who need clinical updates on legal issues, pharmacology, cardiac, laboratory interpretation and neurologic conditions. Nursing Students are always welcome!

Conference Outcomes
By the end of these programs, participants will be able to apply the knowledge to:
- Improve the effectiveness of communication among caregivers.
- Function as a role model for avoiding litigation by practicing safe nursing care.
- Provide evidenced-based care for the aging cardiac patient.
- Improve the safety of using medications.
- Implement preventive strategies to slow the development of one's aging heart.
- Identify the required actions to manage patients with neurological deficits.
- Report critical results of tests and diagnostic procedures on a timely basis.

Call for Posters
Consider submitting a poster on any classroom or clinical topic, legal issue or an evidence-based clinical study with implications for nursing practice. Abstracts will be peer reviewed with notification of acceptance within two weeks after submission. Nursing students are welcome to submit a poster abstract as part of a leadership or capstone course. Please note poster presenters must register and pay to attend the conference. Complete guidelines can be found at www.deanneblach.com.

Exhibitor Opportunities
Exhibitors are invited to display their products and services. Refreshments and lunch will be provided in the exhibit area for maximum exposure to attendees. Special pricing for non-profit organizations. We are looking for educational, clinical and “fun” vendors with purses, jewelry and clothing for nurses. Contact Deanne for more information about registering as an exhibitor.

Nursing Contact Hours - (5.5 Hours Each Day)
These activities have been submitted to the Ohio Nurses Association for approval to award nursing contact hours. The Ohio Nurses Association (OBN-001-91) is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Conflict of Interest/Disclosures – None of the speakers or members of the planning committee have a conflict of interest (no financial relationships) with products, speaker bureaus or other organizations. Disclosure will be shared with learners prior to the start of the programs.

Successful Completion – Learners must sign in before a session begins, provide an email address for communication, be present within 5 minutes of the start time and stay for at least 80% of the full day’s session. Each day may be attended separately.

Contact Info – For questions about CE, contact Nurse Planner, Deanne A. Blach, MSN, RN at 870.715.7508 or deanne@deanneblach.com.

Speakers

Barb Bancroft, RN, MSN, PNP
Barb Bancroft is a widely acclaimed international speaker, noted for her humorous, entertaining and information packed seminars. She is author of four books—her latest, Kiss My Asparagus, An Essential Guide to Nutrition’s Role in Health and Disease. Barb has provided more than 3000 seminars throughout the US and Canada. She has provided courses on Advanced Pathophysiology, Pharmacology and Physical Assessment to both graduate and undergraduate students. Barb is currently the Executive Director and President of CPP Associates, Inc., a continuing health education firm.

Mark Hagemeier, Esq.
Mark is an Associate General Counsel for the University of Arkansas for Medical Sciences and teaches at the University of Arkansas School of Law. Extremely intelligent and fun, Mark has a great sense of humor that keeps audiences engaged while he presents legal issues nurses face in practice and education...all within his perspective as an attorney for the largest medical system and nursing program in Arkansas.

Stephanie Johnson, EdD(c), MSN, RN, BC, CNE
Stephanie teaches in a BSN program at Morehead State University in KY. She began her nursing career as an ADN graduate and now is nearly completed her doctorate in Teacher Leadership at Walden University. Stephanie’s nursing background includes education, leadership, critical care, med/surg and staff development/clinical mentoring. Stephanie is also an ANCC Magnet Appraiser and serves as the Nursing Services Coordinator for the Kentucky State Police.

Donna Rossmeisl-Kear, MSN, RN, CCRN, CNL
Donna is a Clinical Educator at Maui Memorial Medical Center and owner of ACLS & PALS of Maui. As a partner in The Gym Maui, she advocates for healthy lifestyles and women’s wellness. Donna is active in the American Association of Critical Care Nurses, the Emergency Cardiovascular Care Committee for Hawaii and the Maui Nurses Scholarship Foundation. Donna's critical care, trauma, and educational background provide a rich mix for an engaging educational event for students to learn and enjoy.

Mardie Timken, MSN, RN
Mardie has a diverse background in nursing practice including acute care in Med/Surg and ICU; telephone triage, pulmonary rehab, school nursing, 10 years in nursing education and currently working in sales as a regional manager for Hurst Review Services. Mardie has a passion for helping students to “PASS THE NCLEX® the very first time!” She has a great depth of understanding how to help students review core content, a proven approach for helping students pass the exam.

Honolulu Overviews
Nov. 2 - Legal Issues in Nursing Practice & Education
Mark Hagemeier, Esq., Associate General Counsel
Mark will cover an assortment of legal issues related to nursing practice and education that impact administrators, educators, and clinicians. Attendees will leave the seminar with a better understanding of state and federal laws that effect the practice of nursing and the education of the future nursing workforce. Mark uses a case study approach to discuss a range of topics: the elements of all malpractices actions and why practitioners, educators, and students should understand them; the anatomy of a lawsuit; the state Nursing Board and its jurisdiction; federal laws that impact nurse educators and supervisors, including Title IX and Title VII discrimination, the ADA, FERPA, and HIPAA. Finally, Mark will discuss how social media, state sunshine laws, and email affect nursing practice.

Nov. 2 - NCLEX® Success Strategies for Students
Mardie Timken, MSN, RN • Donna Rossmiseis-Kear, MSN, RN, CCRN, CNL • Stephanie Johnson, EdD(c), MSN, RN, BC, CNE
Nursing students are invited to attend this conference in preparation for being successful on the NCLEX® exam. These experienced nurse educators will guide the students through the often challenging topics of fluids & electrolytes, cardiac, neuro, communication, pharmacology, management of care, prioritization, delegation & making assignments. Students are welcome to attend the closing session to hear about the legal implications using social media and email—all topics relevant to today’s nurse.

Nov. 3 - Pharmacology: Simplify Not Mystify
Barb Bancroft, RN, MSN, PNP
Barb has been teaching Pharmacology to undergraduate and graduate nursing students for over 25 years. Her simplified approach to pharmacology has been described as “THE BEST Pharmacology course I have ever taken” and “Why didn’t I learn Pharmacology like this in Nursing School—this makes so much more sense!” Learn about the numerous classes of drugs including the “prils,” “sartans,” “triptans,” “cyclovir,” “olols, alols, ilols,” “prazoles,” “dipines,” “afils” and many more. You will learn about class mechanisms of actions, class side effects, specific drugs in each class—their similarities and differences, and clinical indications. Learn Pharmacology the “Barb” way...fact-filled, fun and full of practical pearls for everyday use!

Nov. 4 - “The Old Ticker” - Update on the Aging Heart
Barb Bancroft, RN, MSN, PNP
Barb discusses the changes that occur to the cardiovascular system as we age—the cardiac valves, the cardiac muscle, the arterial system—and serum cholesterol. She will correlate the common clinical cardiac conditions observed in the aging population—chronic heart failure, hypertension, valvular heart disease including aortic stenosis, atrial fibrillation and hypercholesterolemia. Barb will also discuss the myriad of drugs used to treat the various cardiovascular conditions—their mechanisms of action, the side effect profiles, drug-drug and drug-food interactions, and polypharmacy. Risk factors will also be discussed for cardiovascular diseases—diabetes, hypertension, thyroid disease, diet, lack of exercise, obesity—the usual suspects. Prevention is part of the key to a healthy heart...but aging, in and of itself, is the major culprit for “the old ticker.”
